Q: What is a canoe trip?

A: Wilderness canoe trips are long standing St. Paul tradition! It is an incredible opportunity to explore the beauty and serenity of God's creation, strengthen faith, and come away with a better understanding of how precious this world is. With the direction of your WCB guide, you will spend a week paddling, portaging, and camping throughout the Boundary Waters while building deeper relationships with those on your trip.

Q: How much will the trip cost?

A: The trip is \$485 per a person. We are hoping this cost can be reduced through participation in fundraisers. We are trying to be creative in implementing some socially distanced fund raisers.
